It's been another busy month with the preparations for the Village Fete and ongoing plans for the Garage Safari. The latter will take place on the 1<sup>st</sup> September with hopefully lots of people turning out to sell their goods. If you wish to be included on the map distributed to those interested in buying your articles, then contact Cherry Leppard on 01303 255114. Refreshments can be obtained from the Village Hall. I have it on very good authority that the weather will be wonderful.

It's been a month for maintenance as well. The main hall will be repainted during August when because of the holidays, use of the hall generally diminishes. It will take place on a Saturday which we hope will not disrupt regular (or indeed irregular) hall users. There was some thought about painting the hall purple and pink, but we decided to go for a more neutral colour. The ceiling in the foyer will also be painted now that the roof repair has been carried out and tested in rainy weather.

Another piece of hall maintenance will be the cleaning and repair of soffits and guttering. We are currently waiting on three quotes. Our thanks go to Barry for noticing and reporting the issues with the outside of the building. PAT testing has been carried out on equipment and issues with the oven have also been addressed this month. Apparently, the grill pan went missing – we're not sure where or when, so a new one has been acquired. The water boiler has been serviced recently and the main boiler repaired. Repairs on the facilities in the disabled toilet are also under way. All of this maintenance takes both time to organise and enough money to finance. Thanks go to all those who have taken out time to source both.

In the August and September meetings we will be looking at future plans for the Hall. If anyone in the village has anything to contribute, then please let any of the Trustees know. We consider everything however radical. Enjoy the rest of your holidays!!

### **RECYCLING - INSIDE THE HALL**

Boxes are provided for:

## From the vicarage

I write this not long after attending this year's Memorial Day at Capel's National Memorial to the Few. I remember the first one that I attended: several veterans of the Battle of Britain were present. On spotting my collar one, Tony Pickering, told me proudly that he had been churchwarden at his local parish church. He and several of his comrades have since departed this life; just one, Paul Farnes, was there this year, one of the few remaining witnesses to events that are slipping from living memory into history.

Consequently, an appeal was made for relatives to share their departed loved ones' stories. That reminded me of the one I was told as a boy, about my Uncle Will. My other uncles told me that he had flown Hurricanes in the Battle of Crete, dying from his injuries after baling out. Years later, I sent for his records; the truth had been rather different. He had indeed been on Crete and had indeed died on active service – only not as a pilot, but while operating the new-fangled (and top secret) radar.

I once visited a family whose mother had recently died. She had been very musical, they told me, unlike her late husband. Despite being tone deaf he had nevertheless built an electronic organ for her, tuning it with her help. A telephone engineer by trade, electronics had been his hobby. This interest had come in handy during his war service in the desert, when he had managed to modify radios so that British tanks could communicate without being overheard by the enemy...

This unsung hero's skill and ingenuity must have saved many lives. An amazing story – which I would love to think could be true...! *Brian*

## **CAPEL-LE-FERNE PARISH COUNCIL**

### **Summary of some items discussed at meeting on Tuesday, 16<sup>th</sup> July**

#### **Requests from public to address the Council, plus Surgery and Other Feedback:**

- 1) Works undertaken to the Bridleway New Dover Road to Old Dover Road. This work is being checked on responsibility. It is thought, this is part of Jarvis Homes, i.e. their Land with PROW access and has not been carried out by KCC, but as part of development conditions relating to enhancement.
- 2) Concerns raised on fruit/veg man blocking pathway on Farmers' Market days. This has been checked with the authorities previously and legally he is allowed to trade on the street.
- 3) Playing Field enhancement to upgrade surface to be discussed further. Grants to be investigated.
- 4) Capel Street grass cutting a cause for concern – this has been reported to Kent Highways who cut rural verges just once a year between May to September. Cost of cutting to be investigated further.

#### **Traffic Management:**

- 1) Still waiting date for installation of highway speed roundels to Capel Street, New Dover Road and Old Dover Road.
- 2) 40mph Extension on New Dover Road (Dover end) being chased with both KCC and Jarvis Homes - thanks expressed to District Councillor James Rose for organising a letter from Charlie Elphicke MP to KCC and Jarvis Homes referring to this delay of implementation.
- 3) Inconsiderate/dangerous parking junction at junction Winehouse Lane/Old Dover Road investigated by Kent Highways – formation of an earth bund being considered together with remarking white lines.

#### **Village Action Plan:**

Waiting feedback from working party.

#### **Neighbourhood Watch:**

- 1) Request to be circulated for a new sponsor of the flower planters in Old Dover Road, owing to the Lighthouse Inn now being closed.
- 2) Rubbish bin at bus stop on New Dover Road not in use due to missing metal liner.
- 3) Police cars have been evident recently patrolling in Old Dover Road.

#### **Planning:**

- 1) Land 107-127 Capel Street application. Dover District Council confirmation this application will be reported to Planning Committee in line with their Scheme of Delegation.
- 2) Enforcement issues noted on Landscape Management and Noticeboards on Jarvis Homes Development.
- 3) Appeal submitted by applicant on Longview, Land South of Old Dover Road.
- 4) The status of all other applications was reported and full details are available on: Dover District Council website: <https://www.dover.gov.uk>

>Planning>Applications>View-Applications>Decisions

#### **Recreation and Other Equipment:**

- 1) Replacement of zip-wire tyre requested.
- 2) Cross-trainer gym equipment to be checked.
- 3) Cut back to hedgerows carried out around BMX trail area.
- 4) Two new large signs to replace all the smaller versions to be discussed at next meeting.

• **Playing Field Security:** Boundary security to Lancaster Avenue, still being investigated for a suitable sympathetic form to deter incursion. This was deferred to next meeting, together with upgrading of CCTV.

• **Public Rights of Way:** Second annual cut carried out to the Coastal Path (North Downs Way).

• **Speed Watch:** See page 14 for sessions. Request letters to residents adjacent to assessed sites for volunteers to park in their driveways for the hour.

• **Capel Cares:** Continuing to assist residents in several ways. New volunteer came forward at meeting.

• **Other:** Disappointment expressed by Councillors on the closure of the Lighthouse Inn and Restaurant – Clerk confirmed details had been received on the Landlords/Owners and their Solutions Company and would be endeavouring to contact them for more information on their future plans. Councillors requested further investigation on listing the property as an Asset of Community Value.

**Bonfires** - Bonfires are often used to get rid of garden wastes. This can lead to smoke and fumes which may cause problems for those living and/or working close by. Smoke can interfere with a neighbour's enjoyment of their garden, put them off opening windows and hanging out washing.

**Can I have a bonfire?** - There are no restrictions preventing bonfires upon private residential property as long as they do not cause nuisance to other people and the smoke does not affect highways. Some considerations you should make when having a bonfire.

- weather conditions
- time of day
- are neighbours likely to be in garden or have windows open?
- are neighbours drying washing outside?
- only burn dry material
- do not burn household waste, tyres or anything containing plastic, foam or paint

There are some exemptions but, in general, commercial businesses including builders are not permitted to burn waste and are expected to adhere to strict government legislation regarding waste disposal.

## **BT NUISANCE CALLS**

### **HAS YOUR PHONE NUMBER BEEN USED FOR SPOOFING?**

Spoofing is a term used when other parties generate calls that use a false number.

Those receiving the call believe that they are being contacted from someone in the UK. These calls tend to be from and international source. In most cases, the false number is not in use, but in some cases, they choose a number which is live with one of BT customers. This could be happening with your number.

It's likely that you will be getting calls from people asking why you've rang, this will be due to your number being shown as the calling ID.

As a precaution, BY Network Team, may add your number to a "blacklist" which means that anyone who has BT Call Protect Service will not receive calls from your number, this does include any calls that your make from your number. This has been done to stop your number been used for spoofing and will only be removed from this list when Bt are happy the spoofing of your number has stopped.

BT do not have the option of providing a different number and will be willing to discuss this with you on the number below, free of charge. 0800411422 between 08:30 – 17:00 hours, Monday to Thursday.

## CAPEL-LE-FERNE EVENING WI

Hello Everyone. We had a good time at the garden party which was very well attended by nearly all the members. Our thanks go to Suzanne and Keith for all their hard work setting up the lovely garden for us, the weather was just right, nice and sunny but not blazing hot, we sat chatting all afternoon, admiring the beautiful flowers and spotting the shiny blue dragonflies hovering in the fishponds with the little waterfalls.

Glynis welcomed everyone and gave out birthday cards, we also sang Happy Birthday to Erica as it was her birthday that day, next came all the news of events, Glynis thanked Suzanne for letting us use her garden.

We had tea, coffee and fruit juices, chocolate biscuits, plain scones, cheese scones and fruit scones with jam and clotted cream. Jayne had kindly treated us all to the lovely jam, cream and scones as a farewell gesture. Glynis presented Jayne with a beautiful rose bush to remember us by and a gardening gift voucher for her future garden.

## NEIGHBOUR HOOD WATCH - Scam advice

### BE AWARE ... STAY ALERT

Remember – Your bank or the Police will NEVER ask for your PIN, your bank card or to withdraw money. Caution – NEVER share your PIN with anyone – the only times you should use your PIN is at a cash machine when you use a shop's chip and PIN machine.

Think - NEVER hand your bank card or any goods you have purchased as a result of a phone call to anyone who comes to your front door.

Investigate – If you think you have been the victim of a scam, call the Police on 101 or report online at <https://www.kent.police.uk/services/report-online/>

As the summer holidays get closer, we would like to remind home owners of some burglary prevention advice. Homes are often left unoccupied for longer periods during the summer months and this can create an opportunity for an opportunistic thief.

There are however a lot of steps you can take to help keep your homes secure, including ensuring all windows are locked when you are leaving a home unoccupied and installing a burglar alarm.

One issue that has been recently observed is UPVC doors not being properly secured – the handle has been lifted but the key not used to properly lock the door.

If the key is not used, it is possible for offenders to disengage the bolts and force the door open with little effort or noise. Residents are therefore advised to ensure they remember to 'lift and lock' before leaving the house.

#### Other simple steps include:

- Removing keys, cash and expensive items from view.
- Using timer switches on lights and radios to make your home look occupied.
- Locking away tools and garden items that could be stolen or used to break into your home.
- Security marking items such as bikes, mobiles and laptops.
- Installing a safe that is bolted to the ground or a wall.
- Keeping receipts and making a note of serial numbers for expensive items.
- Registering important items for free on [www.immobilise.com](http://www.immobilise.com) – this can help us return them to you if they are stolen and then recovered.

#### **Chief Inspector Guy Thompson, from our Public Protection and Partnerships department, said:**

'It is incredibly rare to become a victim of a burglary and there is thankfully a lot that can be done to help further reduce the chances of being targeted. Offenders are typically opportunistic and will try to target a property that they are able to enter and leave as quickly as possible. If a door is securely locked, and there are no open windows to climb through, that will often be enough to deter most offenders. We take all burglary reports incredibly seriously and residents should feel assured that, if they are unfortunate enough to be targeted, we will pursue all available lines of enquiry to bring an offender to justice.'

## KENT AND MEDWAY ENERGY AND LOW EMISSIONS STRATEGY

SUPPORTING DELIVERY OF THE KENT ENVIRONMENT STRATEGY  
CONSULTATION DRAFT

Kent and Medway have just launched a consultation on a draft Energy and Low Emissions Strategy.

The draft strategy describes how Kent and Medway councils and their partners will reduce greenhouse gas emissions, tackle poor air quality and ensure the county benefits from a competitive, innovative and resilient low carbon economy.

The draft Strategy focuses on the actions that need to be delivered in partnership across the public sector; joining up the local activity within Kent and Medway that is being undertaken by councils officers, health professionals, and schools to influence and work with energy and transport providers, housing developers, landlords and other private sector organisations to achieve benefits for everyone.

The draft strategy identifies actions that will:

- improve the quality of the air we breathe
- reduce household energy bills
- take action on climate change and reduce greenhouse gas emissions to net-zero by 2050
- promote sustainable, low carbon transport, walking and cycling
- support economic growth and technological innovation
- promote and develop affordable, clean and secure energy
- bring wider health and environmental benefits to communities, residents and visitors.

The draft strategy and consultation questionnaire can be accessed online until 23rd September. Please click on the link to have your say: [www.kent.gov.uk/energyandlowemissionsconsultation](http://www.kent.gov.uk/energyandlowemissionsconsultation).
