

## CAPEL-LE-FERNE Parish Council - Highway Improvement Plan/Action Plan

HIGHWAY IMPROVEMENT PLAN – Stage 1			ACTION PLAN – Stage 2		
Priority	Location	Problem and suggested remedy	Cost Estimate	Funding Source	Action/Programme (Who/When)
1.	CAPEL STREET	<p><b>Problem</b>- Speeding issues at all times of the day. Evidenced by speed watch data. Cars are parked on both sides of the road so two-way traffic is an issue.</p> <p>In addition to this there is Capel School located on this road and we need to consider the safety of the children.</p> <p><b>Solution</b> - Speed cushions.</p> <p>PLUS, attendance of Kent &amp; Medway Safety Camera Partnership ANPR Units request.</p> <p><b>Cost</b> - of £7,250 per pair, as per New Highways Works Request Information Pack Version October 2019.</p>			
2.	Junctions / Intersections off all side roads on B2011 and Capel Street.	<p><b>Problem</b> - Speeding through the village, Speed limit was reduced to 20mph and whilst there are signs, we feel it needs to be reinforced when going from the main roads to the side roads.</p> <p><b>Solution</b> - Roundels - to be placed at road junctions that currently do not have them.</p> <p>The roundels are to be placed in a visible position and not where cars are likely to park.</p> <p><b>Cost</b> - £160 per pair, as per New Highways Works Request Information Pack Version October 2019.</p>			
3.	B2011	<p><b>Problem</b> - Speeding and extremely high speeds, evidenced by speed watch data.</p> <p><b>Solution</b> - 40mm, 40mph speed repeater Dover end, (we already have one Folkestone end). Both signs to include an option to gather and retrieve data.</p> <p>PLUS, attendance of Kent &amp; Medway Safety Camera Partnership ANPR Units request.</p> <p><b>Cost</b> - £6,870 as per New Highways Works Request Information Pack Version October 2019.</p>
