**NATIONAL BULLETIN**

## Crowd vigilance during Euro 2020

**With the nation gearing up to enjoy the UEFA EURO 2020 football matches over the coming days, people will gather in pubs and bars, outdoor spaces and fan zones across the UK to enjoy the atmosphere as the tournament reaches the quarter finals stage.**

Whilst there is no specific intelligence to suggest there is a threat of terrorism to any planned footballing events, as we emerge out of COVID19 restrictions, we are asking businesses to remind their staff and customers to be vigilant. Now is the time to be confident that your staff and customers are trained and they know to ACT if they see or hear something that doesn't feel quite right. The threat of terrorism in the UK has sadly not gone away, and remains at SUBSTANTIAL, meaning an attack is likely.

Whilst you put measures in place to ensure your spaces meet Covid public health regulations, please risk assess your existing sites and any new premises such as outdoor spaces with security in mind too; and consider both [NaCTSO's protective security advice](#) and [CPNI's Personnel Security advice](#).

Ensure your staff and volunteers are educated by signing them up to [ACT e-learning training](#). It is free and takes just 45 minutes. Your staff will also benefit

from [See, Check and Notify training](#) covering hostile reconnaissance, vigilance and the power of hello, and reporting suspicious activity.

CTP has updated its [Easing Lockdown Vigilance Campaign Toolkit](#) to ensure that businesses have messaging and assets that are relevant to the EURO's football tournament. The toolkit provides all the messaging and materials that a business, venue or organisation needs to help keep everyone safe, including situation-specific messaging and bespoke assets for those organising EURO's events.

We're asking you to use the communications toolkit to:

- Promote the messaging and materials to your staff and customers via your communication channels e.g. internal bulletins and on your external website
- Display our campaign posters in high footfall areas and at events to encourage your customers and staff to stay vigilant and report suspicious behaviour
- Share our social media assets on your social media channels using the hashtag: [#CommunitiesDefeatTerrorism](#)
