

Highway improvements in your area

Capel Street, Capel le Ferne

What we plan to do

Kent County Council are planning to install extra signing and lining to assist the existing 20mph zone throughout Capel le Ferne.

When we plan to carry out the work and how long it will take

The work will take around **2 days** to complete, commencing on **28th February 2022**, between the hours of **7am** and **7pm**.

This type of work can be affected by bad weather, so if it is not possible for us to carry it out at this time, we will arrange a new date and let you know via a letter drop to your home. We will also put up signs along the road, before we start, showing the date we plan to start work.

How will we carry out the works and how it will affect you

During these essential works it will be necessary to **close Capel Street completely** so that we can carry out the works safely for both the workforce and road users. Please see a plan of the diversion route on the next page. The diversion route will be via Capel Street, Cauldham Lane and Hockley Sole Lane.

Access will be maintained, as and when it is safe to do so - Please speak to the gatemen on site if you require access.

We will also carry out short, temporary closures in Lancaster Avenue, Beatrice Road, Victoria Road, Albany Road, Clarence Road and Albert Road.

Why are we doing this work?

Kent County Council are installing extra signing and lining to assist in bringing down the speeds throughout Capel.

How you can help us

We need your help to make sure the work is done as quickly as possible and to the best possible quality, without causing you too much inconvenience. If your vehicle is usually parked on the carriageway, please make sure you park it somewhere else away from the site whilst the works are carried out.

For your safety and the safety of our workforce, please drive carefully and slowly through the roadworks.

Feedback from our workers shows that too many drivers go too fast through roadworks. Everyone is entitled to a safe workplace and our staff work next to moving traffic and risk injury every day to maintain and improve the highway for everyone.
